## Regulation Ready 2023: An RRMA Initiative

### About Regulation Ready

The *Regulation Ready 2023* event series was organized between Feb. 6th to 11th 2023, in Gujarat. The objective of the series was to prepare industry professionals and specifically regulatory affairs.

Professionals will address global regulatory developments over the next year and a half, focusing on key and new regulatory requirements, deadlines, and the impact and implications of these changes on businesses and exporters to those countries. Additionally, they will discuss what is expected of your company to ensure compliance.

This was the first series and had focused on Gujarat and was organized in 6 industrial locations – these included – Vapi, Ankaleshwar, Dahej, Surat, Ahmedabad, and Vadodara.

The events are organized in association with local Industry bodies and other key players. These industry bodies remain as co-organizers in that specific industrial location. The industry organization would take care of the venue and related arrangements. Both RRMA and the co-organizer would promote the event. And would be actively engaged in implementation and post-implementation activities.

**300+ registrations for the program**

06-Feb Vapi- Regulation Ready 2023

07-Feb Surat- Regulation Ready 2023

### Event schedule

City	Date
Vapi	6 February 2023
Surat	7 February 2023
Ankleshwar	8 February 2023
Dahej	9 February 2023
Vadodara	10 February 2023
Ahmedabad	11 February 2023

### Cities

## Benefits of attending our Compliance Ready Events:

Stay in the loop regarding the changing chemical regulations in Southern , Eastern & Western Asia, Northern & Western Europe, Latin America and Europe. to boost your expertise and stay ahead in the industry.

Ask the experts questions that are directly relevant to you and your business in the interactive session

Find out what's most important to you and your business when it comes to chemical compliance

08-Feb Ankleshwar - Compliance Ready 2023

09-Feb Dahej - Compliance Ready 2023

## Key Facts Summary

6 cities

8 speakers

10 organizations

300 registrants

100+ companies participated

10-Feb Vadodara - Compliance Ready 2023

11-Feb Ahmedabad - Compliance Ready 2023

# Key Takeaways

## China

**China:**

Companies must submit ingredient safety information from the 1st of January 2023 according to China National Medical Products Administration's (NMPA) Cosmetic Supervision and Administration Rules (CSAR)

## Turkey

**KKDIK (Turkish REACH):**

Substance registration before 31/12/23, regardless of tonnage band. Exports after the deadline not possible if not registered.

## Korea

**Korea-REACH:**

Registration submission, existing substances of 100–1000 TPA, before 31/12/2024.

**Korea-OSHA:**

MSDS submission, substances of 10–100 TPA, before 16/01/2024

## Europe

**EU-REACH:**

Added/updated hazard classes EDC, PBT & PMT, risk assessment concepts and requirements, revision of registration requirements, stricter compliance follow-up (especially regarding non-EU chemicals), essential use concept, PFAS restriction

## United Kingdom

**UK-Reach:**

Possible extension of the UK-Reach deadlines - awaiting administration consent

## India

**India:**

BIS Mandatory Certification for 8 chemicals, including ethylene oxide, captafol (technical grade), anhydrous ammonia, alumina calcined, diisocyanate (TDI-80) and industrial grade urea (technical grade)

## Vietnam

**Vietnam:**

New decree 82/2022/ND-CP

**RRMA**

REGULATORY REPRESENTATIVES &  
MANAGERS ASSOCIATION

## E-Learning Opportunities:

### E-learning opportunities:

- ICMSR
- Turkey
- BIS
- UK

## GPCGATEWAY.COM key takeaways:

At our first Compliance Ready 2023 event, attended by over 300 professionals, the **GPC Gateway** platform received high praise for its effectiveness in supporting regulatory functions within organizations. Our portal is designed to be the first step in their Compliance Excellence Journey, providing a comprehensive resource for all type of regulatory needs.

GPC Gateway is the ultimate solution for professionals looking to enhance their regulatory compliance know-how and manage their business-specific requirements. Our Free Regulatory Intelligence Portal offers an all-encompassing approach to regulatory compliance, making it easy for you to learn, assess, and stay up-to-date with the latest regulations.

## What's next

### ***Next Events: 3 more such series in 2023:***

1. Another one in Gujarat
2. One in Western Region (Mumbai & Pune)
3. One in Southern Region.

### **Future physical events:**

#### **Chemspec Europe:**

**Location:**

Basel, Switzerland

**Date:** 24- 25 May

#### **Chemical Watch Exhibition:**

**Location:**

Amsterdam Marriott Hotel,  
Netherlands

**Date:** 15-16 June

#### **Asian Chemicals Forum:**

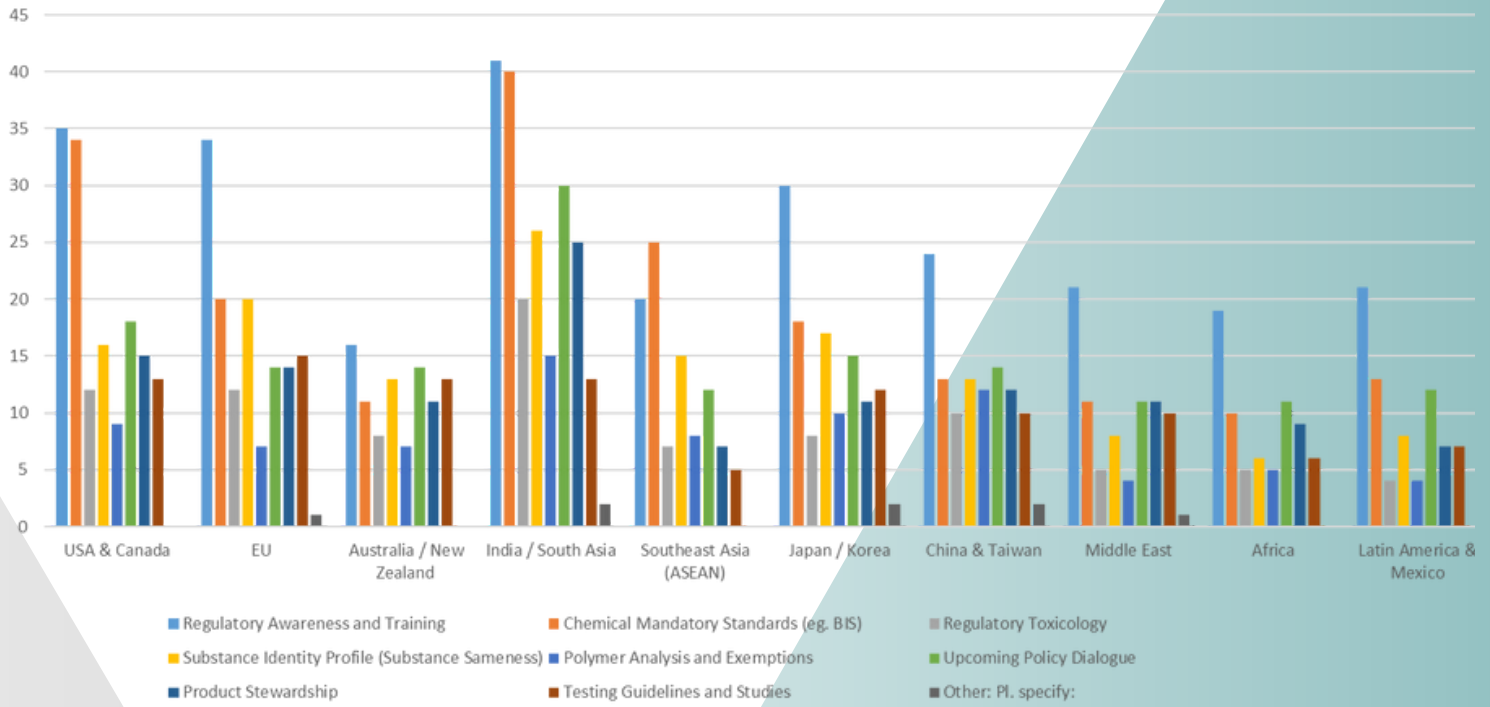

**Location:**

India Habitat Center,  
New Delhi, India

**Date:** 5-6 September
